Fax: (504) 941-8403

Overview & Objectives

This is a program for dentists and other healthcare professionals to better recognize, evaluate, diagnose, manage, and refer patients with TMD. Key topics include principles of examination, differential diagnosis, and management of patients; and diagnostic challenges due to the complexity of sensory innervations of the head and neck, the frequency of referred pain in the region, and the uniqueness of each individual.

ABOUT THE PRESENTERS

Ronald C. Auvenshine, DDS, PhD is the founder and director of the Orofacial Pain Clinic at DeBakey V.A. Hospital in Houston.

He lectures nationally and internationally, and serves on the editorial board of the Journal of the Texas Dental Association. Dr. Auvenshine is Past-President of the American Academy of Orofacial Pain and is a founding member of the American Board of Orofacial Pain.

Charles R. Carlson, PhD, ABPP is a professor of Psychology at the University of Kentucky. He also serves as the director of

behavioral medicine and research at the Orofacial Pain Center in the University's College of Dentistry. He received his PhD in clinical psychology from Vanderbilt University and has been awarded the diplomate in clinical health psychology from the American Board of Professional Psychology.

Glenn M. Kidder, DDS is an LSU School of Dentistry graduate and an assistant clinical professor in the Prosthodontics Department. In his private practice he

primarily treats TMJ and occlusal disorders. He is a Diplomate with the American Board of Orofacial Pain. He is also a fellow in: Academy of General Dentistry, The Pierre Fauchard Academy, The American Academy of Orofacial Pain, and the International College of Dentists.

Steve Kraus, PT, OCS, MTC, CCT, CODN specializes in the treatment of TMD and cervical spine disorders. He is an adjunct professor at the Rehabilitation

Medicine Department in the Emory University's School of Medicine. He is a Board Certified Clinical Specialist in Orthopedic Physical Therapy. He is also certified in Manual Therapy, Cervical Temporomandibular Therapy, and Orofacial Dry Needling.

L-R: Drs. Dale Ehrlich, Henry Gremillion, Christopher Spencer, and Gary Klasser

LSU Health New Orleans Continuing Dental Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

This course also serves as the second session of the five session Orofacial Pain Continuum™. Continuum directors Drs. Gremillion, Ehrlich, Klasser, and Spencer present and participate in courses throughout the continuum along with guest lecturers. The purpose of the LSU Orofacial Pain Continuum™ is to establish a new category of CE for orofacial pain that is more comprehensive than other programs yet can be completed in five weekend sessions in less than a year. If you wish to register for the entire continuum, register for course #40-19 or #40-20.
